BROADENING ITS SCOPE

Regular Army and Navy Union Will Drop the "Regular."

Important Change to Be Made in the Regulations Governing the Order.

The second day's sessions of the ninth annual convention of the Regular Army and Navy Union began at 10 o'clock this morning at Costello's Hall, and was devoted entirely to the introduction of resolutions which were referred to the special committee on the laws of the order. The most important proposition presented, and one that will be certain of adoption, was to change the name of the organization to Army and Navy Union, instead of Regular Army and Navy Union, and permit members in the several branches of the United States service to be eligible to membership as well as the regulars.

One of the prominent members of the union, in discussing this suggestion with a Star reporter this afternoon, said that he believed it was the desire of every garrison in the body to broaden its scope and increase its usefulness.

One Delegate's Views.
"It would be admirable," he remarked, "if some common basis could be reached upon which all the men who have served the country in any military or naval capacity could come together in a single association for mutual benefit and common good. A correct solution of the question, I think, will be reached only when all such patriotic bodies join in a single organization, concentrating their influence and beneficial efforts in behalf of all."

The sessions this afternoon and tomorrow will doubtless result in substantial support toward the widening of the purposes of the union on the lines indicated. The decision of National Commander Shindler to admit to membership participants in the recent Spanish-American war will be almost unanimously approved.

Election of Officers.

The election of officers will probably be held tomorrow. It developed today that Comrade John S. Kenney of Garrison No. 96 of Boston, who is captain of the Boston fire department, is favorably considered in connection with the office of national commander. When asked today if he was a candidate, he replied affirmatively. It is considered likely that Daniel Driscoll of Garrison No. 132 of Rochester, N. Y., will be elected national secretary. He is captain of the Paymaster General Patrick Moore of Kansas City, Mo., will succeed himself.

The local garrisons will entertain the delegates at a campfire tonight at Costello's Hall.

Ball at Soldiers' Home.

Last night the visitors and a number of other guests were entertained by Gen. Wm. F. Barry Garrison No. 136 in Stanley Hall, at the National Soldiers' Home. There were about 500 present, including the officers of the home, and a most enjoyable evening was spent. The music for the dancers was provided by the Soldiers' Home Band, conducted by Director Merrill. The excellent arrangements were made by a committee consisting of M. J. Hackett, Louis Lee May and John Brockman.

Grand Rally of Workers.

Aggregate of Funds Contributed for Church Purposes.

There was a grand rally last night at the Metropolitan A. M. E. Church, M street between 15th and 16th streets northwest, to learn the results of the work of the several corps of the church in the matter of raising funds. Every seat in the lecture room was occupied, and the resources of the church for extra benches and chairs proved entirely inadequate for the overflow. A prize service of songs was conducted by the pastor, the Rev. J. Albert Johnson. The church, under the leadership of Prof. John T. Layton, furnished several numbers, after which the pastor delivered an address, in the course of which he compiled the church on its improved financial condition and its opportunities for spiritual work.

The secretary of the board of trustees, Mr. Edward H. Hunter, read a detailed report of the work of the church, "soldier" and "volunteer" had done in the rally; what the relative standing of each "company" was, and a summary of the results. The church and congregation were divided into fifty companies of fifteen members each, he said. Of these forty-seven had reported, with an aggregate of \$1,544.42. Added to this the \$22.27 received from regular subscriptions and \$24.27 from the general public in baskets, there was a total of \$1,590.96, the largest amount. It is said, ever raised by the efforts of the people in the history of the church. The aim was to collect \$1,250, but the results exceed this by one-third. Twenty-six of the "companies" reported more than the \$25 each was requested to give, and nine of them more than doubled this amount. One "company," Miss Letitia V. Lee, captain, raised \$170.20, while another, that of Mr. Henry Lassiter, reported \$102.05.

At the conclusion of this report a unanimous vote of thanks was tendered Mr. William Beckett, who had inaugurated the financial plan, and who, as general in command, had directed the movements of his battalions to such a glorious victory. His aids were Mr. E. H. Hunter, adjutant, and Mr. J. W. Crowell, inspector general.

Ice cream, cake, sandwiches and chocolate were served free to all present by lady ushers from the different church auxiliaries. The other members of the entertainment committee, besides the general and his staff officers, were Messrs. Emanuel Murray and B. A. Chase.

Expert Shots Go to Baltimore.
Messrs. William Wagner, Phil. Stubner, James M. Green and Richard A. Johnson went over to Baltimore this morning to participate in the last day of the shooting tournament at Pimlico Park. Live birds will be used in the events today, and the Washingtonians, who have been doing remarkable work at the range recently, are expected to give a good account of themselves.

THE SCENE OF WAR IN THE TRANSVAAL.

From the New York Herald Today.

From the dispatches it is apparent that the Boers are advancing on the British lines extending from Ladysmith to Glencoe, from east, north and west. On the east the Transvaal force, which has crossed the Buffalo river by Van's and Rorke's drifts, has been estimated to be 8,000 strong. A portion of this body was expected to move from Helpmakaar on Weesbank, there to cut the railway connecting Ladysmith and Glencoe, while another section, under command of General Meyer, was considered likely to act in conjunction with the Free State burghers on the west in an attempt to cut the British line of communication with Durban at Colenso, where there is a railway bridge. The Boer force, which is now moving southward from Ingagane on Glencoe. On the west the Free State burghers appear to be moving in two columns, one from Tintiva Pass, has engaged the Natal mounted volunteers at Acton Homes, whence the latter retired in the direction of Ladysmith, pending the arrival of supports. The other column, which entered Natal by Van Rensselaer's Pass, is probably the force which was reported in action at Bester's station, on the branch line from Ladysmith to Harrismburg.

Sued for Damages.
George W. Keys this afternoon instituted suit-at-law against John L. Newbold, as proprietor of the Merchants' Parcel Delivery Company, to recover damages in the sum of \$150.00. The plaintiff alleges that in the employ of the defendant the 16th of November, 1897, he fell down an elevator shaft at the place of business of the company and sustained injuries that resulted in the amputation of a leg. It is set forth that the defendant did not provide such guards and appliances at and around the opening to the shaft of the elevator as he was in law bound to do. Attorneys A. Y. Bradley and T. C. Taylor represent the plaintiff.

Married Life Unhappy.
In a petition for divorce, filed today by Maggie C. Rutland, naming William T. Rutland respondent, it is stated that the married life of the couple has been exceedingly unhappy, caused by the cruel, vicious and brutal conduct of the husband during the past three years. In addition, desertion and non-support are alleged. Mrs. Rutland not only seeks a divorce, but alimony and the custody of the two children of the couple as well. Wolf and Rosenberg are the solicitors for the complainant.

Edward J. Stanton today pleaded guilty of vagrancy and was sent to the workhouse for ten days by Judge Kimball.

"Almost Killed Her."
The thought of her husband turning gray, while she was still a young and attractive woman, almost killed her. Read what Mrs. E. S. MASON of Northburgh, W. Va., writes: "I was married July 10th, 1890. Please read enclosed \$2.50, for which send me one six bottles of HAY'S HAIR-HEALTH. I am delighted with the result. My hair is growing again. I was almost ashamed for any one to see me, and being so young I almost killed me to think my hair was getting white so long before I was an old woman, but thanks to Dr. Hay's Hair-Health, I am proud to say that a gray hair cannot be found in my head and I have not used all of one bottle. Dr. HAY'S HAIR-HEALTH will do all that is claimed for it, and I have recommended it to all my friends as a beautiful hair-grower dressing."
